Dear Parents and Guardians of Hanover Students,

Several years ago, the Hanover Community School Corporation received the distinction of becoming a **performance-qualified school district** because we are rated an “A” district for academic achievement. Therefore, our district was eligible to exercise some flexibility with instructional time requirements beginning last year. That flexibility continues for the 2022-2023 school year.

As a result, we have added eLearning days and early release days to the [school calendar](#). These eLearning / early release days are provided to you in advance so that you may plan accordingly. The eLearning/ early release dates allow our staff:

- to engage in professional development that provides opportunities to collaborate, support, and enrich instructional strategies
- to host Parent-Teacher Conferences so we can work collaboratively with you and our parent partners.

Students can get breakfast on early release days; however, there will be **NO** lunch service.

The eLearning/ early release dates are listed on the district school calendar and are provided below for your reference.

Local daycare is available for all school buildings for members and non-members and is provided by: Grand Tots. THIS will take place at their main site. Please contact Grand Tots directly at 219-374-6025 for more information and to register for care on eLearning/ early release days.
